*** Mercado Francés - Market French - Marque France

This technical diagram illustrates the exploded view of a 4-cylinder engine block and cylinder head assembly. The components are numbered as follows:

- 1**: Engine block
- 2**: Spark plug
- 3**: Spark plug cap
- 4**: Spark plug cap nut
- 5**: Spark plug cap nut
- 6**: Spark plug cap nut
- 7**: Spark plug cap nut
- 8**: Spark plug cap nut
- 9**: Spark plug cap nut
- 10**: Spark plug cap nut
- 11**: Spark plug cap nut
- 12**: Spark plug cap nut
- 13-14**: Spark plug cap nut
- 15**: Spark plug cap nut
- 16**: Spark plug cap nut
- 17**: Spark plug cap nut
- 18**: Spark plug cap nut

The diagram shows the engine block (1) with four cylinders. The cylinder head (11) is shown to the right, with various components like the spark plug (2), spark plug cap (3), and spark plug cap nut (4) being assembled onto it. The spark plug cap nut (5) is shown being inserted into the spark plug cap (3). The spark plug cap nut (6) is shown being inserted into the spark plug cap (3). The spark plug cap nut (7) is shown being inserted into the spark plug cap (3). The spark plug cap nut (8) is shown being inserted into the spark plug cap (3). The spark plug cap nut (9) is shown being inserted into the spark plug cap (3). The spark plug cap nut (10) is shown being inserted into the spark plug cap (3). The spark plug cap nut (11) is shown being inserted into the spark plug cap (3). The spark plug cap nut (12) is shown being inserted into the spark plug cap (3). The spark plug cap nut (13-14) is shown being inserted into the spark plug cap (3). The spark plug cap nut (15) is shown being inserted into the spark plug cap (3). The spark plug cap nut (16) is shown being inserted into the spark plug cap (3). The spark plug cap nut (17) is shown being inserted into the spark plug cap (3). The spark plug cap nut (18) is shown being inserted into the spark plug cap (3).
